M. CLIFFORD TOWNSEND

DEDICATION

TO M. CLIFFORD TOWNSEND, AN ALUMNUS OF MARION COLLEGE, WHO IS REPRESENTATIVE OF THE HUNDREDS GONE OUT FROM THIS INSTITUTION AND IN APPRECIATION OF HIS PERSEVERANCE, HIS LOYALTY TO THE OLD TRIANGLE AND WHOSE MANY YEARS OF COMPETENT PUBLIC SERVICE JUSTLY CONFIRM THE TRUST PLACED IN HIM AS GOVERNOR, THE STAFF RESPECTFULLY DEDICATES THIS VOLUME OF THE MARIONETTE.

BORN IN BLACKFORD COUNTY 52 YEARS AGO, GOVERNOR TOWNSEND HAS A LIFE OF UNUSUAL INTEREST HAVING RISEN OVER ADVERSE CONDITIONS, HE IS AN ARDENT CHAMPION OF THE COMMON PEOPLE.

AS A RESIDENT OF GRANT COUNTY FOR THE PAST TWENTY YEARS, HE HAS BEEN A PROGRESSIVE EDUCATOR, FARMER, LEGISLATOR AND LIEUTENANT GOVERNOR. WHILE DISCHARGING THESE DUTIES, HE HAS ESTABLISHED A RECORD OF EFFICIENT SERVICE, CONSISTENCY, AND FAIRNESS TO EVERYONE.

PATRONS OF MARION COLLEGE, TOGETHER WITH INDIANA CITIZENS, BELIEVE HIM ABLY FITTED FOR THE RESPONSIBLE POSITION HE NOW HOLDS, GIVING TO HIM THEIR CONFIDENT ALLEGIANCE AND SUPPORT.

FOR MANY YEARS MARION COLLEGE HAS BEEN A CENTER OF CHRISTIAN EDUCATION TO YOUTH OF WIDESPREAD AREAS. DURING THE PRESENT SCHOOL YEAR STUDENTS OF SIXTEEN STATES EXTENDING FROM CANADA TO FLORIDA AND FROM PENNSYLVANIA TO COLORADO HAVE MADE UP THE STUDENT BODY IN WHICH ATTRIBUTES AND CUSTOMS OF MANY SECTIONS ARE FUSED INTO AN ANALOGOUS WHOLE. THE 1937 MARIONETTE IS AN ATTEMPT TO PICTURE THE BLENDING OF THESE SEVERAL GROUPS AND PERSONALITIES INTO ONE HAPPY STUDENT LIFE AND TO DEPICT SOMETHING REPRESENTATIVE OF THE DAYS SPENT ON THE OLD TRIANGLE.

"SHORES OF GITCHE GUMEE"

Wolverine Club

Top Row: Wilson, Harkless, Prof. Bowman, R. Coleson, Prof. Calhoon, Ford, E. Coleson.
Middle Row: Flach, Master, Grody, Sowders, Baker, Dew, Rosenberger, Whaley.
Bottom Row: Frey, Boyd, Warren, Avery, Snyder, Reynolds, Hall, Pettigrove.

FROM THE GREAT LAKE REGIONS come the Wolverines, a hardy group of individuals determined to make Marion College justly proud of them. In the spring term of 1934 the students from Michigan organized, what is now called the Wolverine Club. They purposed to promote a closer bond of fellowship among northern students on the Old Triangle, and at the same time, to advertise Marion College within their own state boundaries. Club meetings, parties, participation in other campus activities and hearty perseverance for new students, have enabled them to achieve their initial purpose.

During the present year under the leadership of Henrietta Avery, president; Myrtle Grody, vice-president; Ida Rosenberger, secretary-treasurer; and the sponsor, Professor Allen Bowman, they have surpassed all previous efforts. Having increased their enrollment 57% over that of last year, they have tied with the Dixies for first place in the membership drive. The Wolverine Club is proud and happy to share the shield with the Dixies this year, but are working toward a greater future when they may claim the reward for themselves.

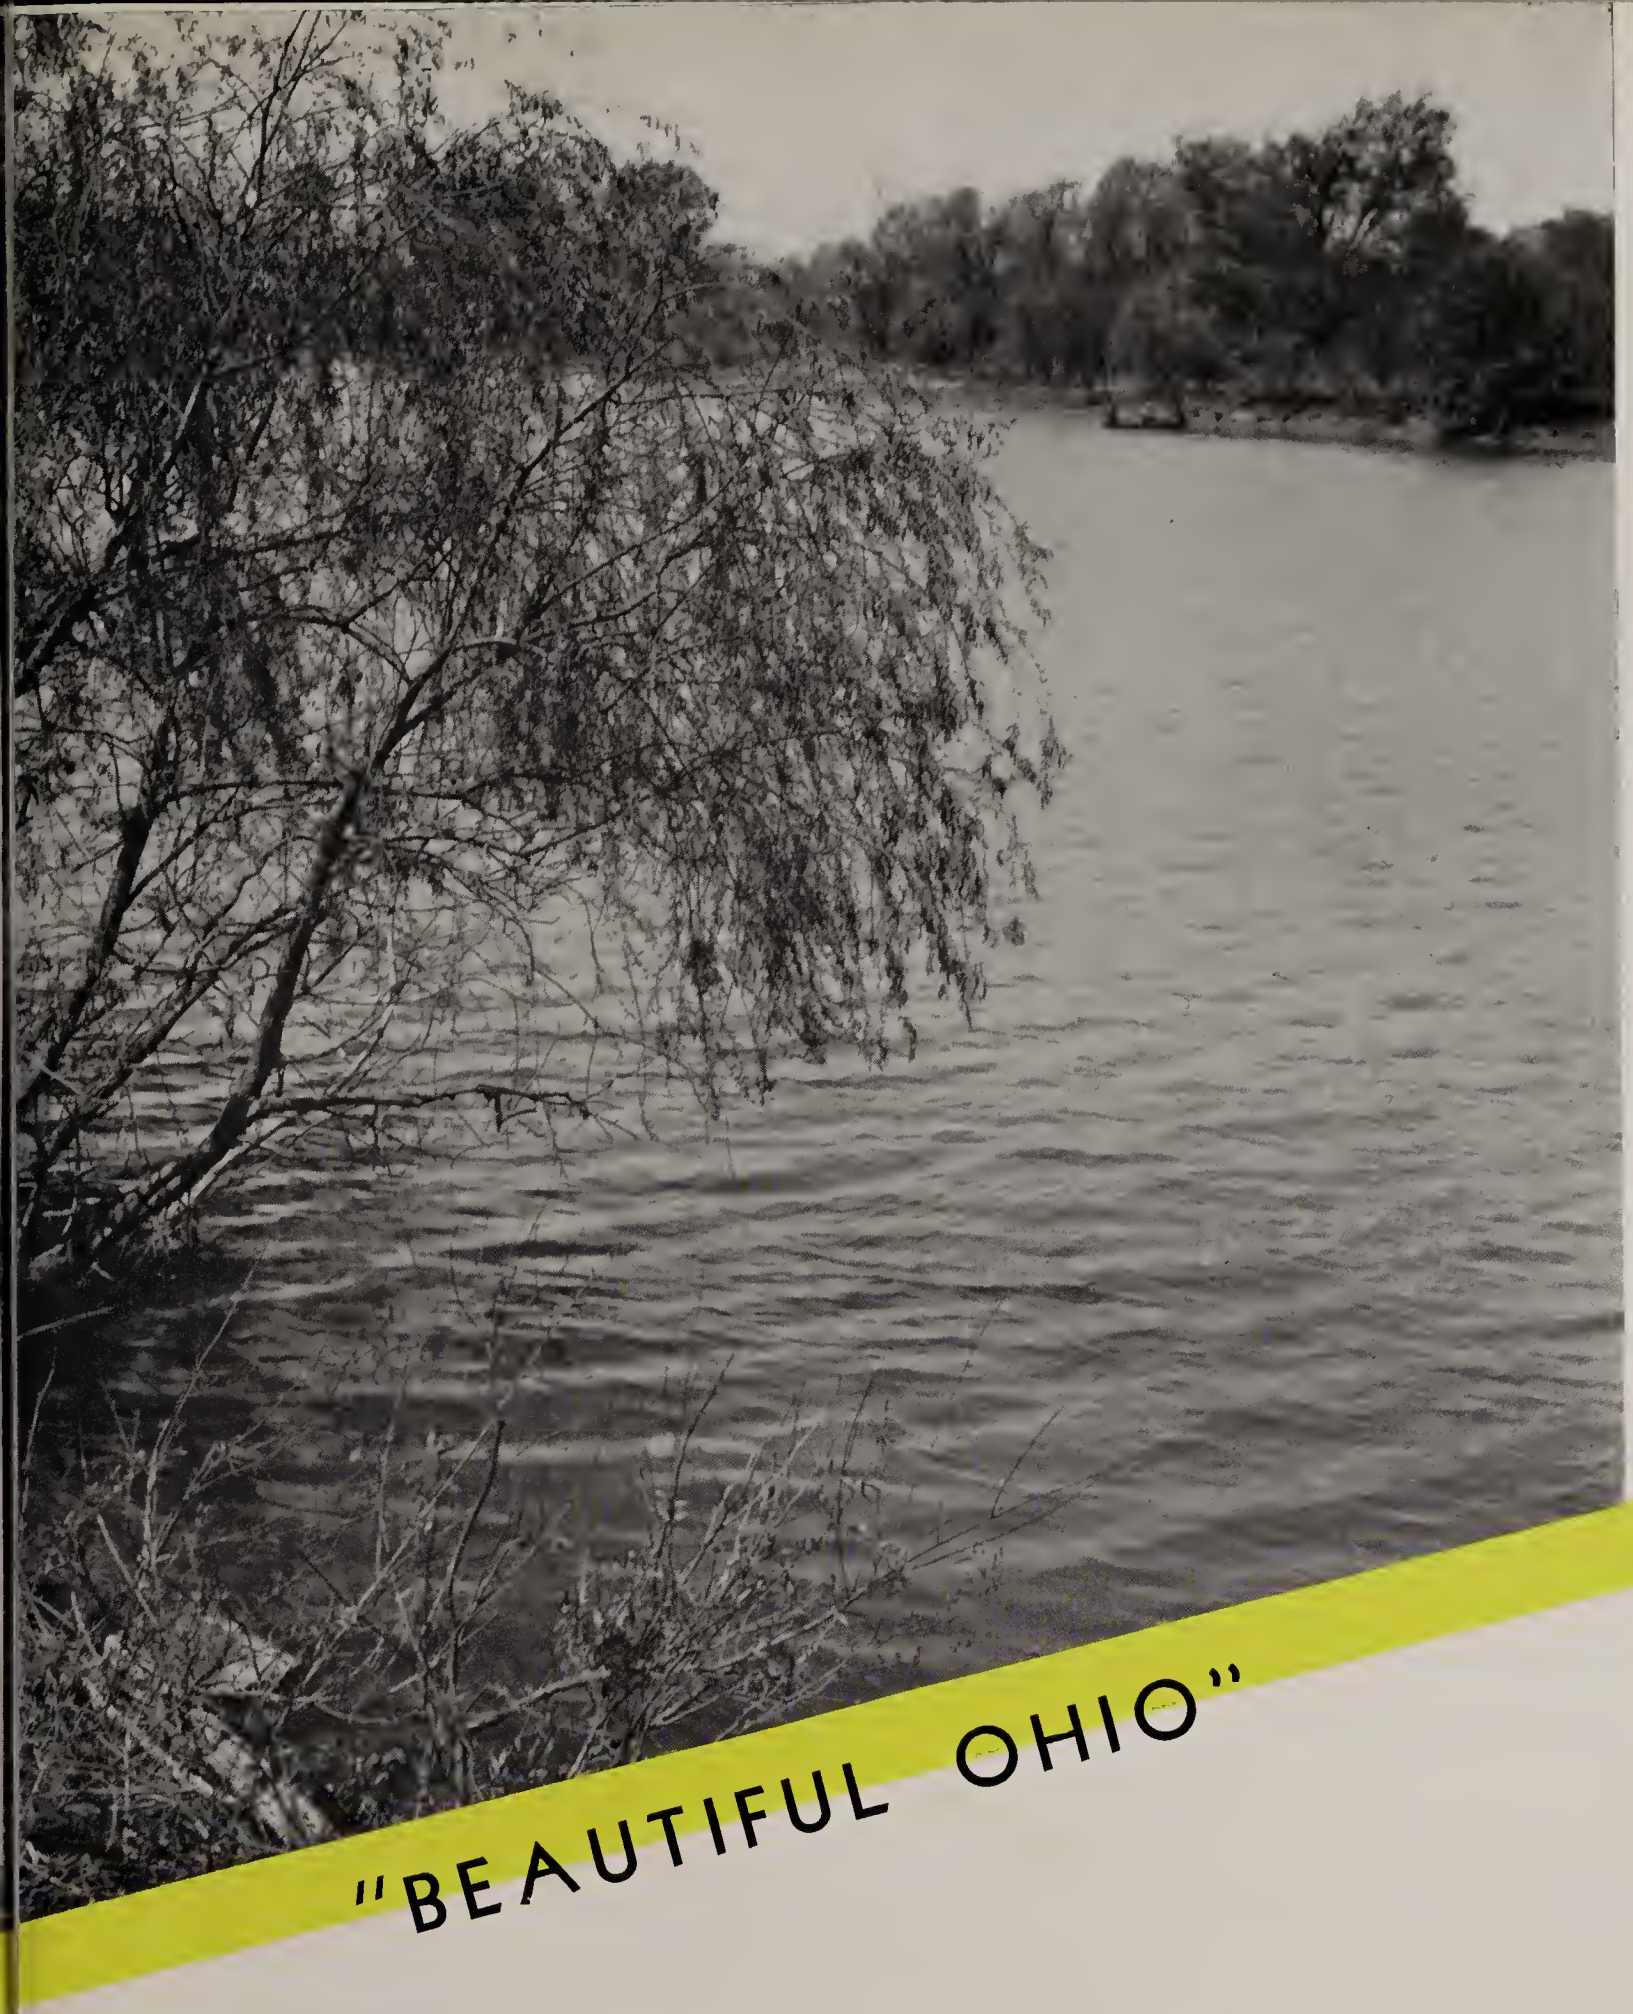
THE BUCKEYE CLUB is distinguished as the oldest organization of its kind in Marion College. It was organized in 1924 to maintain the spiritual standards of the college, to promote the interests of the school throughout the state of Ohio, and to bring about genial relationships among the students from that state.

With Clinton Tatsch, president; Dallas McIntosh, vice-president; and Maurita Yeagle, secretary; the club has successfully taken part in many activities. The Buckeyes are well represented in the Student Conference, gospel teams and other religious organizations. In athletics they are outstanding. With the help of their sponsor, Professor Kershner, they have contributed splendid chapel programs and many serviceable projects.

Endeavoring to live up to their three-fold purpose, the Buckeyes are making a distinct contribution to the school. Meanwhile they are receiving a Christian educaton capable of returning them to their native state well-fitted for their life's work.

Buckey Club

Top Row: Corbin, Fisher, Bruerd, Tatsch, Mote, Dericks, Steele, Ball.
Second Row: Seeker, Osborn, Yeagle, Conklin, Vorhies, Barnette, Simmons, E. Smith. R. Jones.
Third Row: Marshall, Hartline, Calhoon, M. Smith, M. Jones, Miller, Riffell, Rohrer, Betz.
Fourth Row: Goodman, McIntosh, J. Clark, Prof. Kershner, McGiffin, Rediger, Oyer, Dunn, Wiley.



"BEAUTIFUL OHIO"

"SOUTHERN INDIANA"

Hoosier Club

Members of the largest state club on the Triangle proudly claim Indiana as their home. This organization forwards the interests of Marion College in Grant County and throughout the state by urging hearty support to the school.

The officers: Russell Klinger, president; Evelyn Sowers, vice-president; Martha Helm, secretary; Theodore West, treasurer; have served as capable leaders in its third year of organization. Several new features were introduced to increase the Hoosier ranks within the student body. By visiting high schools, presenting assembly programs and publishing interesting news items about Marion College, many valuable results were gained.

THE HOOSIER CLUB is representative of its home state. Students from the city, the corn belt, the southern hills and Lake Michigan meet on the campus to form one friendly and industrious group.

The loyalty and sincere devotion of the Hoosiers to Marion College and the cordiality with which they greet those from other sections demands the respect and good will of all students in and out of the state.

Top Row: Fox, Minx, G. Shugart. Lane, Huffman, Noggle, Beaver, Klinger, Carrol, H. Noggle.
Second Row: Cook, Tuttle, Fite, R. Smith, Russell, Geyer, Ina Johnson, Heavilin.
Third Row: Jeffries, Elliott, V. Smith, Lochner, Porter, Beyler, L. Shugart, Rouch, Briles, Paschal, Devore, Stone, Small.
Fourth Row: Manchester, Gulliford, Roush, R. Miller, Knepper, Sowers, Clingenpeel, McIlwain, L. Smith, Kindley, Stanley, Addison, Kercheval, Eddy, Woodmansee.
Fifth Row: Prof. Porter, K. Smith, Kauffman, Hammond, Kanter, Winslow, Blake, Gay, Smith, J. Shugart, B. Baker, Helm, West, Welling, Winrotte, Newcomer.
Bottom Row: Koch, Wilson, Ebersole, Whitham, T. West, G. Baker, H. Downing, Bradford, Thurman, Baumbaugh, Banker, S. Baker, W. Johnson, Beery.

Westerner's Club

Top Row: Turner, L. Buckman, Mendenhall, Hoien, Freiheit, Scoggan, Howlett, Hartman.
Middle Row: Miss Emerson, Wheat, Spark, Woodhams, E. Buckman, Butcher, Roy Clark.
Bottom Row: Peters, Fenner, Williams, Ruth Clark, Scott, Horrell.

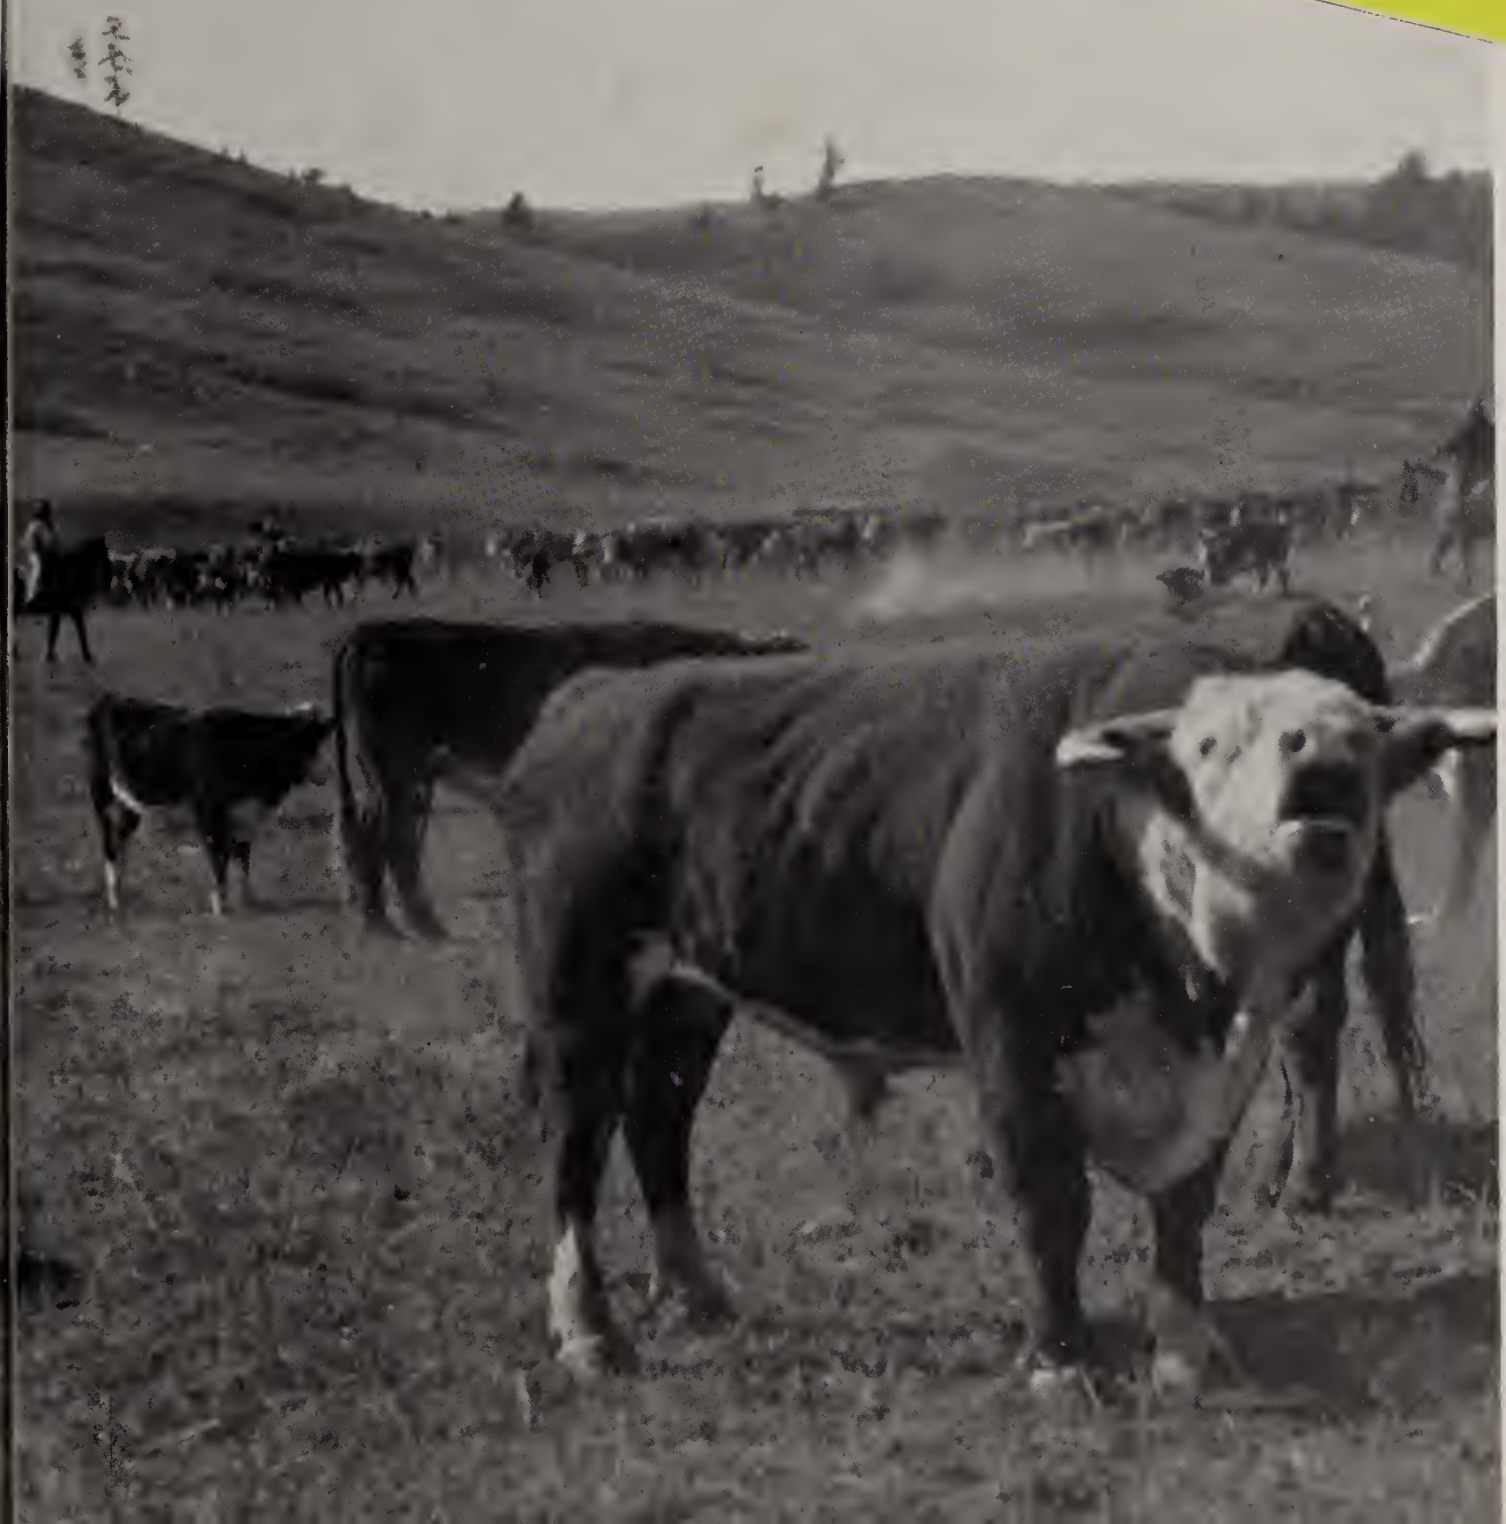
THE WESTERNERS' CLUB is composed of students and faculty members whose native states lie west of Indiana. The states represented this year are: Iowa, Illinois, South Dakota, Wisconsin, Nebraska, Kansas and Colorado.

In the pioneer spirit of the west the members acquaint their respective home communities with Marion College, exemplify western ideals within the school and provide for campus activities among its members. Since its organization, in the spring term of 1934, the club has been sponsored consecutively by Professor Mack and Miss Emerson. Officers for the present school year are Ruth Clark, president; Harold Scoggan, vice-president; Maxine Woodhams, secretary and Georgia Horrell, treasurer.

Within the group are students who present potential possibilities in the fields of religious service, education, business and other realms. Displaying talent in club programs and being active in school life as a whole, this club makes many contributions to the campus.

The Westerners contested a close second in the campaign for new students, increasing their enrollment 37 per cent. They make up a considerable portion of the student body but plan for a still larger group in following years.

"HOME ON THE RANGE"



"IN DIXIE LAND"

Dixie Club

Top Row: Prof. Vess, Logsdon, Harrington, Newton, Lunsford, Black, Golightly, Prof. Young.
Second Row: Kemper, Argo, H. Garrett, F. Garrett, Burnell, Mayfield, Major.

The Southland is represented at Marion College by the DIXIE CLUB. It consists of those students coming from states south of the Mason and Dixon line, namely, Virginia, North Carolina, South Carolina, Kentucky, Georgia, Florida and Alabama. These students are known on the campus as "Southern Colonels" and "Dixie Belles."

The purpose of this organization is to uphold the standards and ideals of Marion College and to further its interests in the South. During the year the Club sponsors dinners, parties, chapel programs and other functions which enrich the friendship and good-will of its members.

In the field of athletics the Club distinguished itself by taking the highest honors in the men's tennis tournament and participating in many other sports. In the campaign for new students, the Dixies tied with the Wolverines for first place, having a 57% increase over last year's enrollment and at present shares the shield with that Club.

L. H. Mayfield, president; Weston Newton, vice-president; and Frances Garrett, secretary-treasurer, together with their sponsor, Professor Young, are to be commended for their capable service throughout the year's activities.

"WHERE OUR HEARTS

ARE FIRMLY BOUND"

From five state club areas youth meet to prepare for able Christian service. United in an effort to build solid character, devotion to their native states is none the less acute.

Sectional ties became overt in 1924 when Ohio students formed the present Buckeye Club. During succeeding years other groups organized, until the Westerners, Dixie, Wolverine and Hoosier Clubs had been formed.

Somewhat unique to this campus, the state clubs have become increasingly active and occupy an important position in the regime of Marion College. Realizing the possibilities of advertising the school through this medium, the faculty, last year, launched a campaign among the state clubs for increased enrollment. A shield is presented to the club having the largest percent of increase over the preceding year and to the club winning it three successive years, the shield becomes a permanent award. For the school year 1936-37 this shield is held jointly by the Dixie and Wolverine clubs.

JAMES SEYMOUR LUCKEY, LL.D.
1867—1937

IN MEMORIAM

One can never think of the educational work of the Wesleyan Methodist Church without associating with it the name of Dr. Luckey. He, more than any other man, living or dead, is responsible for much of its progress.

Born in a humble home at Short Tract, N. Y., in 1867, he entered Houghton Seminary as one of its first students in 1885, became a charter member of the Houghton Wesleyan Methodist church. With a thirst for education and God's call upon him to give his life definitely to the teaching profession, James Luckey finished at Houghton and entered Albany Normal College, graduating with the degrees of Pd.B., and Pd.M. He then went to Oberlin College where he obtained his A.B. and A.M. degrees. This was not enough however for he entered historic Harvard and received an A.M. degree from there also.

Returning to Houghton in 1908, James S. Luckey was made president. Twenty-nine years of wise, constructive administration has brought that school to the place where it enjoys the standing in the educational world as one of the strongest accredited church colleges in the western states.

In addition to Dr. Luckey's heavy responsibilities at Houghton, he accepted the presidency of Marion College in 1929. For two years he ably administered the affairs of Marion until a suitable successor could be found.

In 1934, Wheaton College conferred the degree of Doctor of Laws upon President Luckey as an appreciation of his remarkable contribution to the field of Christian education. He was a Christian gentleman in every sense of the word. Heaven is richer, earth poorer but our lives are better because of James Seymour Luckey.

Rev. C. I. Armstrong, Evangelist.

LEE H. MACY
1875—1936

IN MEMORIAM

During the school year which has just closed Marion College was called upon to pay final tribute to one whose sincere interest, wise counsel, and diligent service in her behalf have been invaluable indeed. The faithful loyalty and ardent devotion of Mr. Lee H. Macy have made a contribution that shall not soon be forgotten. He invested liberally in Marion College of his time, his money, and his energy. He was truly a lover of youth and manifested in them an interest which won for him their admiration and confidence.

Mr. Macy's thirty years of business experience enabled him to serve capably and efficiently for a number of years as a member of the Local Board of Managers of Marion College. His devotion to God and his spiritual integrity made his counsel valuable and his work influential.

It was in his early thirties that Mr. Macy entered into a good religious experience, became a member of the Blue River Wesleyan Methodist Church in Rush county, Indiana, and served faithfully in different capacities until his life was brought to a close.

Marion College feels deeply her loss, yet it is with an appreciative sense of Mr. Macy's life and contribution.

—Business Manager.

WILLIAM F. McCONN

President

Marion College through the providence of God is privileged to report a year in which every department has registered an increase. From a wide area, students gathered last fall for the school year, and the days have rapidly sped by, bringing a great variety of experiences.

Nothing is more beautiful than friendship. This book is intended to portray such in permanent form, but how happy is the individual who carries away cherished remembrances of "The Old Triangle" and of life friendships there formed. We shall never again be associated together as has been our privilege this year. However, through the years we may turn the pages of memory and keep alive the associations which have been ours.

Marion College is going forward. For three successive years we have registered increases in enrollment and inquiries are coming this year even from the Pacific coast. An all-wise Providence has directed us and is still leading on to greater days. May we remember that He has a pattern for every life and for every institution which will permit Him to lead the way.

Yours and His,

Wm. F. McConn.

Goethe said, "There is no outward sign of true courtesy that does not rest on a deep moral foundation." How much centers around this word "courtesy." Is my disposition determined by external things, or can I overcome some of the small discomforts of life to make others happy? The greater a man is, the more able he is to overcome prejudice and position which clutter up our lives.

One definition of a gentleman, is one who inflicts pain, makes light of favors while he does them and seems to be receiving while he is giving out. It is the strong who are gentle. The weak shout and strike and rattle to compensate for a sense of inadequacy. The gentle person knows he is in need of forgiveness and prayer.

To those who are graduating from Marion College this year, as you meet the business world, be courteous. It is a mark of maturity. The rewards of life are not delivered every morning. There are jobs which have slow rewards, jobs that are life-long. Whittier said, "when we climb to heaven, 'tis on the rounds of love to men."

One of the greatest qualities of Jesus was his respect for other people. He, the most spiritual of all sons of men, said, "I stand at the door and knock." He does not batter down the door, He does not violate anyone's personality. He shows men that respect which draws them to him by the greatest kind of strength.

THE BUILDERS

All are architects of Fate,
  Working in these walls of Time;
Some with massive deeds and great,
  Some with ornaments of rhyme.

Nothing useless is, or low;
  Each thing in its place is best;
And what seems but idle show
  Strengthens and supports the rest.

For the structures that we raise,
  Time is with materials filled;
Our todays and yesterdays
  Are the blocks with which we build.

Truly shape and fashion these;
  Leave no yawning gaps between
Think not, because no man sees,
  Such things will remain unseen.

In the elder days of Art,
  Builders wrought with greatest care
Each minute and unseen part;
  For the gods see everywhere.

Let us do our work as well,
  Both the unseen and the seen;
Make the house where gods may dwell,
  Beautiful, entire, and clean.

Else our lives are incomplete,
  Standing in these walls of Time,
Broken stairways, where the feet
  Stumble as they seek to climb.

Build today, then, strong and sure,
  With a firm and ample base;
Ascending and secure
  Shall tomorrow find its place.

Thus alone can we attain
  To those turrets, where the eye
Sees the world as one vast plain,
  And one boundless reach of sky.

—H. W. Longfellow.

"FAITH OF OUR FATHERS, LIVING STILL"

For a number of years a definite need has been felt for a church building on the campus of Marion College. Shortly after the institution was reorganized under the present auspices, a movement was launched to meet this need. Rev. Fred De Weerd, with the support of others, accumulated a building fund for this purpose. This fund, small compared to the present undertaking, increased slowly during the years that followed. Yet, the unglimmering faith of those originally interested in erecting a college church would not see the movement subside.

During the preceding school year, this vision gained in momentum and definite steps were taken to meet the needs of our campus in this respect. A committee was chosen to investigate the possibilities and, with consistent support from lay ranks, gave a very favorable report. A building committee was then selected to supervise the actual building. After thorough consideration, the final plans were made.

The unfolding of a dream dating back almost a generation, the planned structure pictured here promises to be the future South Marion Wesleyan Methodist Church.

A C T I V I T I E S

REV. A. E. BEYLER
College Pastor

The Student Conference is made up of those interested in the spiritual advancement of the school, and supervises all religious activities within the student body.

Each Tuesday evening students and faculty gather in the auditorium for worship and praise. The president, Archie Argo, presides at these meetings.

Religious services are conducted in different institutions located about Marion. Russel Frey, vice-president, has the work at the Delta Electric Factory and Charles Ball at the County jail. Reuben Short and Olive Kindley direct services at the Children's Home and Emily Flinn Home respectively. Noon day prayer meetings are led by Milo Rediger, Secretary-treasurer. Maxine Scott conducts dining hall devotions and Sunday visitation work.

The Senior Y. M. W. B., with Ronald Jones as president, supervises all missionary activities. Dr. Walter Williams was the speaker for the Annual Missionary Convention, April 23-25.

A progressive spirit arising from true literary achievement has characterized the Eureka Literary Club since its premier organization. This traditional atmosphere has inspired each Eurekan "onward and upward" to make its seventeenth year an overwhelming success. Leadership was vested in Charles Ball and Evelyn Sowers, president and secretary for the fall term; Evelyn Sowers and Helen Conklin, winter term; Ina Spark and Joy Miller, Spring term.

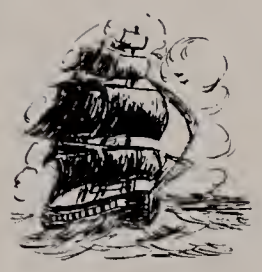
To develop from a literary standpoint, the interests and talents of each member in preparation for future usefulness is the purpose of this club. Varied open, closed and chapel programs with other activities have uniquely contributed to this end. Club members interested in forensic activity welcomed the inter-society debates, an additional feature to the spring contests. An able critic, Professor Calhoon has consistently increased the quality of the programs through his constructive reports.

Primarily a literary organization there are other activities in which interest runs high. Traditional Eurekan loyalty and cooperation again won the Marionette Sales Contest. After three successive years of victory, the shield has been permanently awarded to the club.

To those Eurekans who are to be graduated and to those who return, these familiar words from Longfellow are significant.

"And from the sky, serene and far,
A voice fell, like a falling star,
Excelsior."

Amphictyon Literary Society



Amphictyon—the neighborly society, chooses as her objective, to promote literary interest in Marion College, to develop social efficiency among her members and to stimulate within her group a desire and love for learning. She accepts for her emblem the ship, and urges every member to "sail on" to greater literary achievement.

The Amphictyon Literary Society has long upheld high Christian ideals and faithfully maintains such a standard. She has set the goal high, that every member might have a lofty ideal to strive for and in so doing, gain a measure of accomplishment worthwhile to himself and his fellowmen.

In the fall term with a membership totaling 45, the Amphictyons proved their neighborliness, when many new students affiliated themselves with their number. Soon after the membership drive closed, Amphictyons engaged in the annual Marionette Sales Contest with the Eureka Club, to whom they lost by a narrow margin.

Under the capable leadership of their critic, Professor Ebner, and officers: Maxine Scott, president, Marjorie Dew, secretary, fall term; Howard Fox, president, Ina Johnson, secretary, winter term; and Roy Clark, president, Mae Whaley, secretary, spring term; the society has made a splendid contribution to campus activities. They have been champions in the field of athletics and also have displayed unusual musical talent and literary ability.

Top Row: Newton, Black, Goodman, Prof. Kershner, Fite, K. Smith, Ford, Clark.
Second Row: Mayfield, Barnette, Fenner, Pres. McConn, Tuttle, Ebersole, Woodmansee.

The Girls' Hiking Club has been an active organization for eight years and its activities have contributed substantially to keeping its members physically fit for school work. Thirty-six women of the student body and faculty composed the club this year and their enthusiastic participation in hikes, out-of-door breakfasts, and general athletic life has done much to increase school spirit. A contest was introduced this year to encourage the completion of the mileage quotas early in the season. Awards were given in the form of a winged-shoe with one bar representing each year the quota has been reached.

The Athenian Forensic Club offers training in debate and sponsors intercollegiate debating. The recent augmented activity within this group has resulted in its very promising future and has won the deep appreciation of both alumni and students. This year it has sent winning teams to the mid-west tournament and has organized itself on a permanent basis. The new constitutional provisions for competitive try-outs for membership seeks to strengthen and to raise the calibre of its constituency. To further provide training and possible members for the club, debates were arranged between the literary societies. The Forensic Club supervised this activity.

The aim for another year is membership filling the quota permitted by the constitution and more extensive intercollegiate debating.

The Biological Research Society was organized originally by pre-medic students with the object of stimulating interest in biological thought and research. The club now has a selective membership of students vitally interested in advanced biological studies. The society meets at least once each month to hear reports of scientific import, either prepared and presented by one of the members or by an outside speaker. Round table discussions are usually conducted following the reports.

Among the research accounts which were heard during the current year were those upon the defence of the body against injury, veneral diseases, vitamins, the classification of personality, and endocrinology.

The Varsity Debate Team of 1936-37 consisted of Woodrow Goodman and Melvin Black, Affirmative; Laurene Fenner and Weston Newton, Negative; Keith Smith and Ada Tuttle, alternates. Pres. W. F. McConn served ably as coach. The season was started by a triangular debate arranged between Taylor University, Anderson College and Marion College on our campus. Here our teams scored only one decision, when the Marion negative team defeated the Taylor affirmative. Later, a clash with Asbury at Marion revealed the strength of our teams, notwithstanding the fact that both decisions were lost. These admirable efforts, however, were far surpassed at the Manchester Northwestern Debate tournament in which Marion tied for first place in the Huntington division and won a close third in the entire tournament.

Third Row: Sowers, Marshal, Winslow, Tuttle, Johnson, Burnell.
Front Row: H. Noggle, Bradford, Prof. Bowman, Major, Hammond, Vorhies, Kanter, P. Noggle.

Stimulating extra-curricular activity in the fields of Biology, Chemistry, Physics and Mathematics, the Science Club has contributed in many ways to Marion College. For a number of years the Science Club has been sponsoring the development of a bird sanctuary on the campus. This year through the inspiration and support of the Senior Normal class which has been included in the Science Club, and with the cooperation of many other groups, the work is speedily materializing.

At various intervals during the school year, reports of scientific import were heard from the several departments. Programs open to the public were occasionally rendered which better acquainted the remainder of the school with the Science department. Photography occupied an important place among its members.

Officers serving throughout the year were Woodrow Goodman, president; Weston Newton, vice-president; Maxine Cook, secretary-treasurer.

The Current History Club, with Richard Hammond as president, has been very active in promoting friendliness and cooperation between Marion College and the community in which Marion College is located. The Y. M. C. A.; Rotary, Lions, Exchange, and Kiwanis Clubs; Parent-Teachers' Associations and other groups have secured club members as guest speakers on various occasions. It has also completed several projects of material benefit to the school. Aside from its participation in civic affairs within the immediate community, this organization promotes greater interest in the current research and study of history, sociology and economics. Under the capable advice of its sponsor, Professor Bowman, its aim has in a measure been realized.

The Marion College Orchestra has shown meritorious accomplishments during the past year under the capable direction of Fred Reiter, Grant County band director. With a personnel of thirteen members the group has completed an excellent repertoire of classical and semi-classical numbers and has presented several public concerts. As a result of their worthy efforts singular interest has been aroused in instrumental music.

The Marion College Community Chorus this year consisted of one hundred ten students and music lovers of the surrounding community. Under the dynamic direction of Professor Herman Baker, the group sang appropriate portions of Handel's "Messiah" during the Christmas and Easter seasons. They were accompanied by Mrs. Gretchen T. Parker, pianist and Mrs. Paul Dougherty, organist. Those taking solo parts were sopranos, Ruth Clark and Norma Fite; altos, Martha Helm and Dorothy West; tenors, L. H. Mayfield and Thomas Russel; baritone, Maurice Beery. The presentations of both seasons were rendered at the U. S. Veterans' Hospital, the College Chapel, and the First M. E. Church of Marion, Indiana. Numerous words of appreciation and pleasure were expressed concerning each rendition.

A continuation of the choral work has been made possible by the organization of the Marion College choir consisting of sixteen selected singers. This group presents standard choral selections both for College functions and for services in nearby churches. The choir is expected to become a permanent organization and to do considerable traveling in the interest of Marion College.

The women of Teter Hall find that intimate and constant association with each other affords abundant opportunity to manifest the Christian spirit. To maintain an harmonious atmosphere, they organized themselves into a club known as The Council of Cheerful Comrades. In cooperation with the Dean of Women, they seek to regulate dormitory life and to encourage the highest level of physical, intellectual, social and spiritual activities. The C. C. C.'s have sponsored several important social events of the past year among which were the Christmas, Birthday, and Valentine dinners.

Top Row: Conklin, Geyer, Vorhies, Osborn, Yeagle, Rohrer, Barnette, Johnson, E. Smith, Peters, Knepper.
Second Row: Grody, Avery, Clingenpeel, Jones, Sowers, Simmons, Porter, Rouch, Burnell.
Third Row: Spark, Scott, Rosenberger, Riffel, Seeker, Betz, M. Smith, Reynolds, Miss McMichael.
Fourth Row: F. Garrett, H. Garrett, Flach, Briles, Miller, Paschal, Hartline, Whaley, Woodham, Horrel, Buckman.
Bottom Row: Strahm, Sowders, Dew, Miss Snyder, Fenner, Baker, Newcomer, Warren.

Along with spiritual and intellectual betterment have come material improvements. From various sources contributions to the campus are constantly being made in order that students may have a more comfortable and beautiful place to spend their college life.

In 1936 the Amphictyon arch was again erected introducing Marion College to passers-by. The bird bath and pool east of the Girls dorm was brought about through the efforts of Professor A. Jones and a Senior Normal Class. To aid students to be on time for classes the Senior Normals of '36 placed an electric clock in the library. A similar one placed in the Chapel is due to Professor Young's initiative. Among the most appreciated of recent gifts to the school is that of the late Mrs. Alma Williams who has made possible the beautiful and modern equipped dispensary and guest room in Teter Hall.

These acknowledgements, not intended to be complete, are representative of the unselfish interest shown by many toward our campus.

LEST WE FORGET

SEPTEMBER

14-15—Registration. Back to school again. "Freshies" gazing in amazement and trembling with fear.

16—Classes begin. No more vacation.

17—Annual reception. Faculty greets students.

18—What seems to be the trouble? Too much hand shaking last night?

24—First meeting of C.C.C. (Council of Cheerful Comrades). We all get our orders.

25—Senior Normals gave picnic for Freshman Normals at Matter Park—lots to eat!

28—Freshmen organize—It's about time.

30—Eureka open program. Remember the beautiful Mexican singer in Chapel? No doubt the boys do.

OCTOBER

2—Junior picnic for degree Freshmen at Conner's Mill.
Senior-Sophomore picnic at Wawanassee Glens—Hamburgers, doughnuts, and cocoa.

6—Professor Baker conducts "chapel sing."

12—Freshman initiation. They don the traditional green caps.

15—Marionette sales contest begins. Students are found perched on doorstep at 5:00 A. M.

16—Harvest Day—Lots to eat! Open house. Sophomore-Freshman good-will picnic.

21—Student body invited by First M. E. Church to hear President McConn debate on Townsend Plan.

22—Senior sneak—After a night of "get away" they arrive in Cincinnati. WLW, Eden Park Conservatory and Zoological Gardens.

28—"Nature Study" trip of Senior Normals.
Are all of us convinced it was to study nature?

29—Straw vote taken for coming Presidential election.
Republicans win!? Landon 175, Roosevelt 29 and Lum Edwards 1.

NOVEMBER

1—Students hear Fritz Kreisler at Indianapolis.

2—Hikers go on first hike. "My poor feet!"

4—Amphic literary program, "Amphictyon Library."

5—Miss Alma Patton gives "Courtesy Talk" in Chapel.
Did we take heed?

8—Revival begins with College pastor, Rev. Beyler, as evangelist.

12—Marionette sales contest closes. Eurekas win by narrow margin.

23—Members of Greater Marion Association visit school and dorms.

DECEMBER

7—Registration.

6-9-13—Chorus sings at Veterans Hospital, College, and First Methodist Church.

15—Christmas dinner—lots of "comfortable pains" or are they comfortable?

16—Music Lecture series presented Loyal Phillips Shawe, baritone, N.W.U.

18—Vacation! !

JANUARY

4—Back to school—More work.

6—Amphictyon closed program.

13—Music Lecture series—Lecture by Dr. Deering, President of Oakland College.

19—Miss Emerson read Mr. Brewer's "Memory."

20—Eureka "School Day" program.

29—Deans have charge of chapel.

FEBRUARY

9—Dr. Arnold from the First Methodist Church delivered a splendid Lincoln address.

10—Taylor, Anderson, Marion debate.

15—Valentine dinner, "Give me thy heart."

17—Eureka open program presenting Miss Alma Patton, who reviewed "Gone with the Wind."

24—Varsity quartette presented a very interesting chapel program.

26—Marion College vs. Asbury College in debate. Marion and Asbury affirmatives victors.

MARCH

3—Why did the lights go out? ? Amphictyon open musical program.

19—Annual Birthday dinner. Clever decorations and unique stunts.

21-24-28—Chorus sings appropriate Lenten selections from Handel's Messiah at Veterans Hospital, College Chapel, and First Methodist Church.

28—Sunrise pageant at Coliseum. Easter breakfast.

29—Final number in lecture course series. Dr. Mary Latimer reads "Mary Queen of Scotts."

31—Joint literary program. A beautiful Easter pageant.

APRIL

2—Peace oration contest—Harland Ford crowned winner.

6-18—Revival. Rev. C. I. Armstrong—Evangelist.

7—Seniors are exempted from final exams. Don't we appreciate the strength of tradition?

23-25—Missionary Convention. Dr. Walter Williams, returned missionary from China, is speaker.

28—Literary contests—Inter-society debating for first time.

29—Registration for mid-spring term.

MAY

7—Walter-Beery music recital. Vocal and piano.

13—Senior Normal Banquet.

17—Ruth Anna Thomas presented in Piano recital.

21—Junior-Senior banquet. Why Juniors become Seniors.

JUNE

6—Baccalaureate Sunday.

7—Commencement.

Sacred are the halls of our dear old Alma Mater. Sweet the memories of the friends whom we have met and learned to love. Proud are our hearts when we hear of the success of her alumni, be it small or great. Sad indeed when we hear that one of those dear friends has been taken from us.

Each year we look for you back. We like to think you would love to be back and with a hope that never dies we have tried to keep the light burning and the latch strings hanging out for you "old pals." It is true that things have changed as we hoped they would. Each year we have tried to add a tree, or a pool or some new furniture for the parlor. Some years our friends have been kind to us and we have done so much more.

With a hope born of God and the inspiration of those who have given their lives for Marion College, we want to build and to grow in usefulness, so that Marion College can be true to your trust in her.

As an alumnus, my fondest hope is that you will come back to help plan and to work for our Alma Mater; that her ideals of Christian education may spread their influence for good in the world.

PROFESSOR SIEBERT H. KERSHNER.

STUDENT FOUNDATION
Established by the Classes of 1928 and 1929
PLAN
Each class enrolled upon this plate has pledged the amounts indicated, payable in twenty years or less, in annual or semi-annual payments, the fund thus established to be used for the permanent improvement of the
MARION COLLEGE
number amount
1921
1922
1923
1924 $ 100.00
1925 29 $2150.00
1926 1 $ 250.00
1927 36 $3125.00
1928 44 $5235.00
1929 42 $3385.00
1930 28 $3225.00
1931 20 $2100.00
1932 13 $1420.00
1933 14 $1125.00
1934 5 $ 350.00
1935 13 $ 605.00
1936

The Student Foundation is today one of the most valuable assets held by our Alma Mater. Begun by the degree graduating class of 1928 and publicized by the degree class of 1929, this Fund has been subscribed to by each degree graduating class since that date. The class of '28 did the initial work of forming the Foundation which consisted of pledges payable in twenty equal annual sums and the class of '29 contacted all previous degree graduating classes to give opportunity for subscription. The cut of the exhibit of the Fund shows a few classes with quite large subscriptions previous to 1928. These are in the main endowment notes which had been given as the class project of that year and have been exhibited with the Student Foundation. There are a number of things to be worked out in this respect before a permanent plaque of this is cast.

Also before this plaque is made we hope to give opportunity for all degree graduates, not subscribers, to become so. This Foundation is predicted to play an important part in the building of the men's dormitory. To date over $3000 has been paid in of the pledges of $24,000. Many of these pledges have had only a few payments become due.

Professor Donald Porter.

Landess White

Wade Farley

IN MEMORIAM

Of all the distinguished alumni of Marion College who have shown a sustained interest in their Alma Mater, Landess White, of the class of '28, is undoubtedly one of a select group who stand at the head of the list.

Even the manifold duties of a public office, plus a multiplicity of services rendered to the community without compensation, did not keep him from consistently showing his appreciation of, and loyalty to Marion College by wholehearted participation in every project which the Alumni Association undertook.

Those who knew him best, appreciate him most.

Professor T. T. Smith.

Wade Farley is remembered among us not only as an alumnus of the class of '24, but as a teacher in the Marion College Academy from 1920-24 and in the McCulloch Junior High School from September, 1924 to February, 1933.

It was the writer's privilege to be associated with him in secular employment as well as in gospel work. No matter what the nature of the task to which he set himself, his work was characterized by the same steadfastness of purpose and careful attention to detail.

He was quiet and yet friendly, humble yet helpful. His students were inspired by his teaching, and all with whom he came in contact, both in and outside the class room, were challenged by his godly life.

Professor T. T. Smith.

IN MEMORIAM

Of all the distinguished alumni of Marion College who have shown a sustained interest in their Alma Mater, Landess White, of the class of '28, is undoubtedly one of a select group who stand at the head of the list.

Even the manifold duties of a public office, plus a multiplicity of services rendered to the community without compensation, did not keep him from consistently showing his appreciation of, and loyalty to Marion College by wholehearted participation in every project which the Alumni Association undertook.

Those who knew him best, appreciate him most.

Professor T. T. Smith.

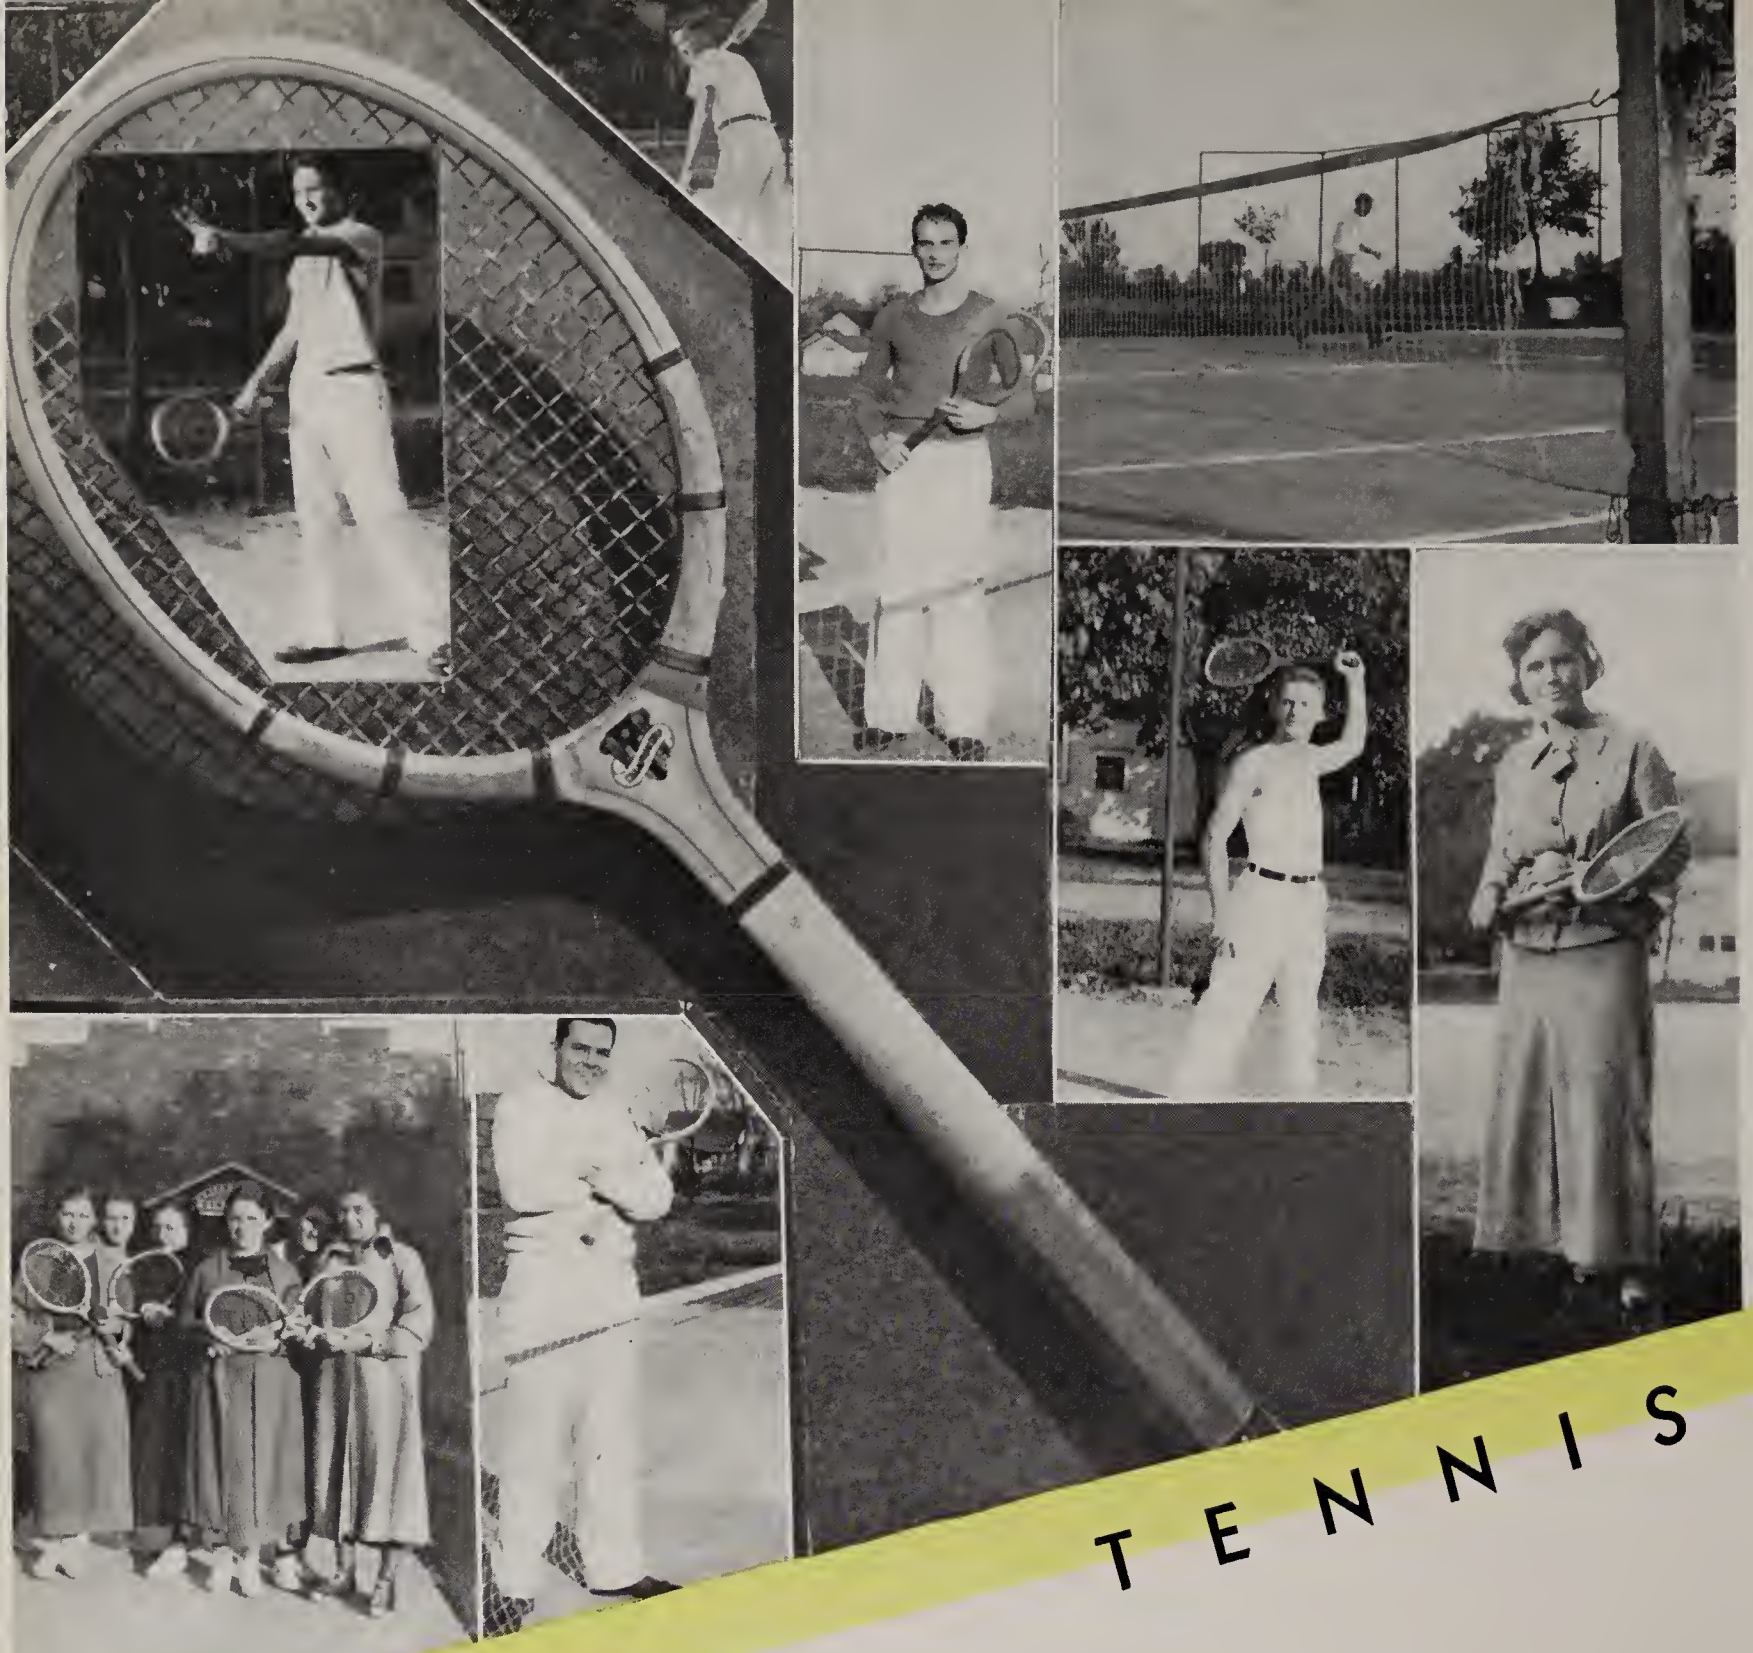
Wade Farley is remembered among us not only as an alumnus of the class of '24, but as a teacher in the Marion College Academy from 1920-24 and in the McCulloch Junior High School from September, 1924 to February, 1933.

It was the writer's privilege to be associated with him in secular employment as well as in gospel work. No matter what the nature of the task to which he set himself, his work was characterized by the same steadfastness of purpose and careful attention to detail.

He was quiet and yet friendly, humble yet helpful. His students were inspired by his teaching, and all with whom he came in contact, both in and outside the class room, were challenged by his godly life.

Professor T. T. Smith.

SPORTS



TENNIS

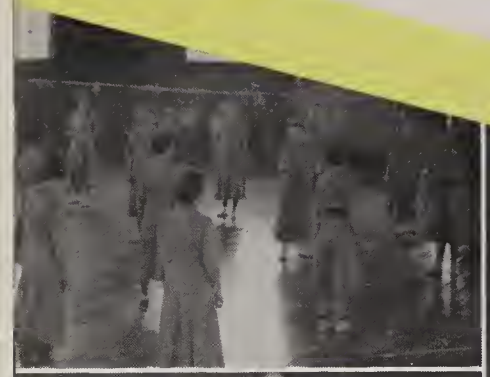
Tennis has for many years been a favorite sport of Marion College students. This year a girl's tennis class was formed as a part of the athletic program. As usual the chief attraction was the tennis tournament. Pictured here are the semi-finalists; Newton, Jackson, Clark, and the two champions; Stone and Black. This upper right picture may be your last permanent view of these courts; so take a long look and remember classes, tournament, and fun!

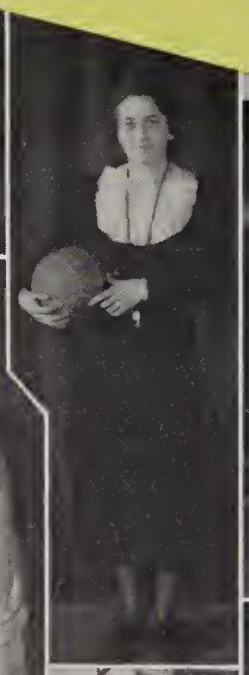
SOFTBALL

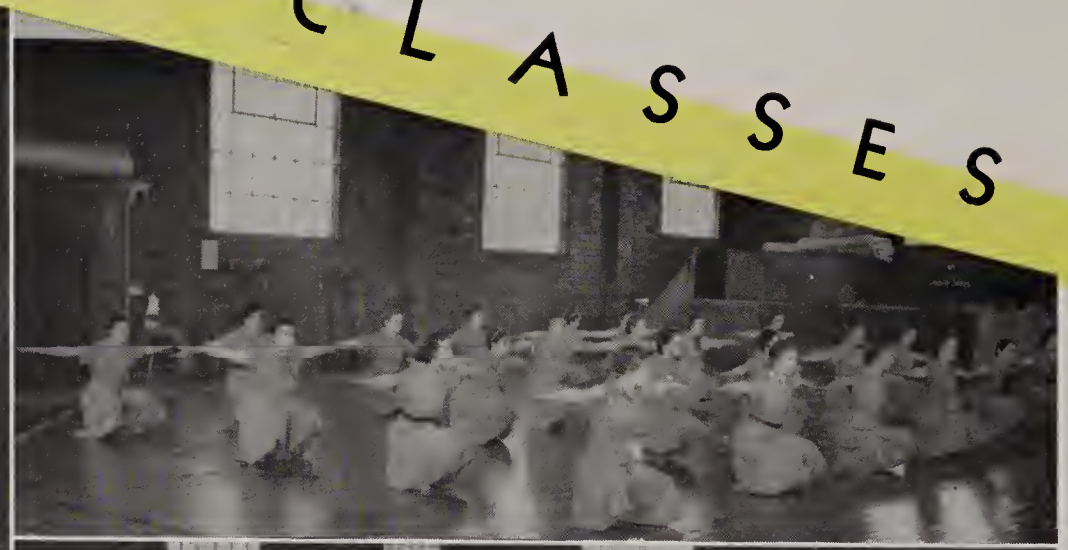
Last fall Soft-ball claimed the attention of the Buckeyes and Hoosiers. After hearing of the Buckeye 20-2 victory, the crowd gathered for the Amphic-Eureka game on Harvest day. While Black pitched, Johnson swung and Fisher waited. At the end of five innings, both sides had eight runs. By that time the dinner bell had rung so time was called. Since neither team was called back to finish the game, we presume that it is ended which makes it even for both Amphics and Eurekas.

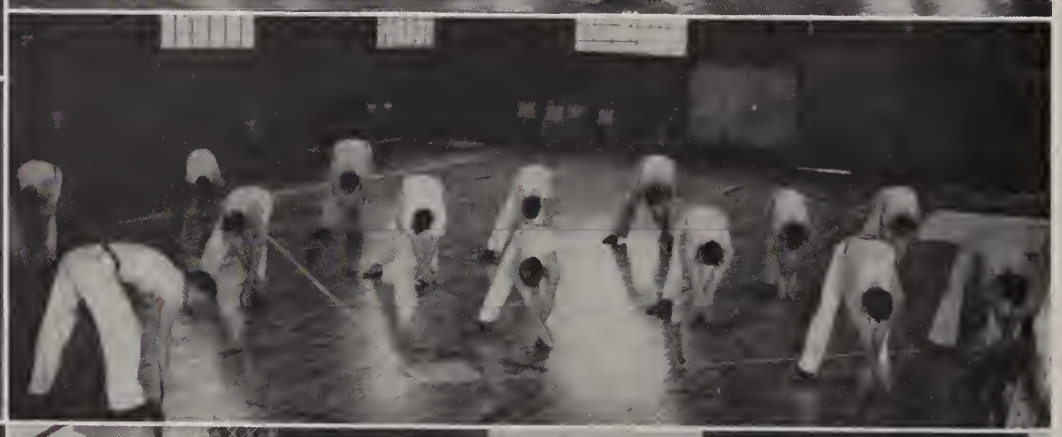
Gym instructors emphasize calisthenics in their athletic programs. Miss Kinnison directed the girls through drills, exercises (low-knee bend) and games (volley-ball). Not to be outdone by the girls, the boys show off in the "knee compresser" and pyramid building. Ted and Jim (West and Clark) try their specialty, making a human arch. The success of this year's athletic program was to a great extent due to the directors, Kinnison and Jones.

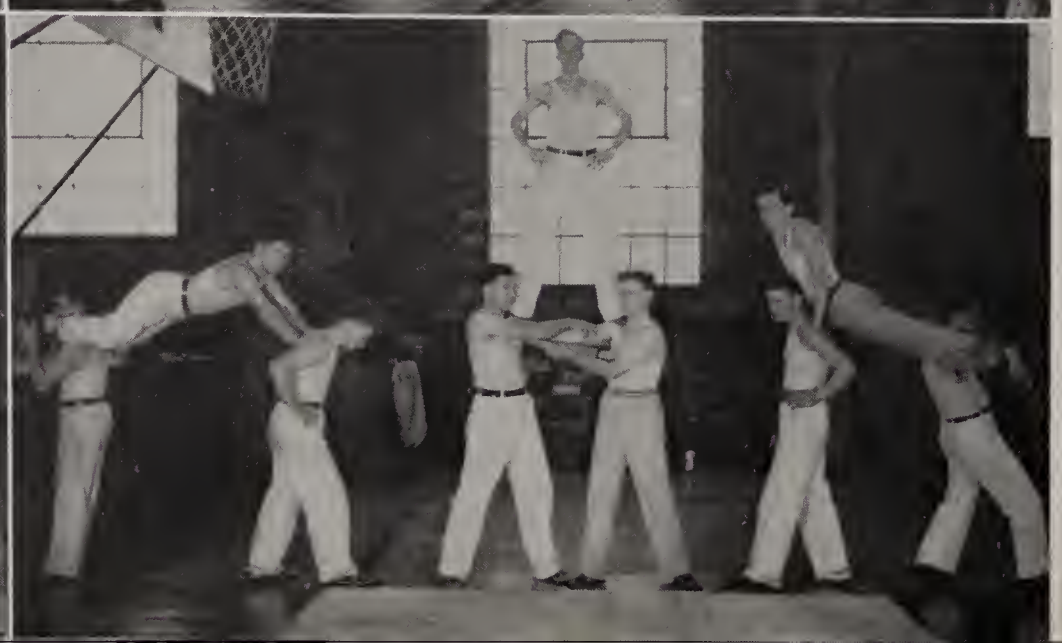
CLASSES

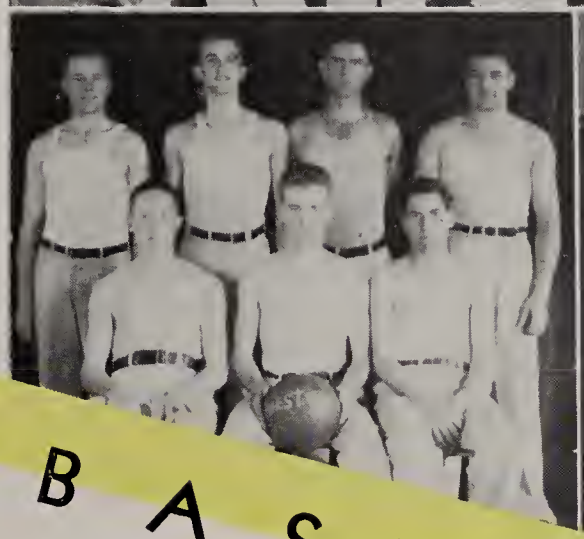












BASKETBALL

Annually the walls of the gymnasium ring with shouts from enthusastic spectators. Chief among the games this year were the Buckeye-Hoosier encounters in each of which the Buckeyes were victorious, (Men 40-31; Women 26-25.) Featured also this year was the 50-36 upset given the Dixies by the Westerners. Amphic-Eureka championships were divided; the Eureka women won two out of two games and the Amphic men remain undisputed champions.

TENNIS

Match	Players	Scores
Semi-Finals	Jackson-Newton	6-3; 6-3
Semi-Finals	Black-Woodmansee	6-1; 6-1
Finals	Black-Jackson	6-0; 6-2
Finals	Stone-Fite	6-0; 6-0

SOFTBALL

Buckeyes 20	Hoosiers 2
Eurekas 8	Amphics 8

Geyer	Buckeye-Hoosier	14
Ball	Senior- Sophomore	12

REPRINTS FROM JOURNAL

Oct. 15

—Starting the athletic program as impressively as possible the boys from the Buckeye state overwhelmed the Hoosier defense in a 20-2 victory in the first soft ball game of the season. Inspired by a double play and a three-men-up; three-men-down performance in the first half of the first inning, the Buckeyes slid evelen runs across home plate when they were privileged to use the stick instead of the glove.

Twenty-two men and four women are interested in tennis and are now playing one of the most extensive and profitable tournaments that Marion College has had for some years.

Oct. 29

—Benefited by three days of ideal weather, preceding and including Harvest Day, many of the long delayed tennis matches were finally played off. One Champion. Margaret Ann Stone, was crowned. Miss Stone crushed Norma Fite, 6-0, 6-0 in the final match to become champion of the women's tournament.

—The hiking club committee revised the Constitution and made plans for a club hike and breakfast. Thirty of the thirty-seven club members enjoyed a four mile hike and returned in time for a hamburger fry near the rock garden.

Nov. 13

—After these disagreeable days the tennis courts resemble the mud flats of our Atlantic shores more than good old Hoosier terra firma.

Dec. 12

—Hail to the Champion! Long may he wave!

—Finally and decisively the grand final match of the prolonged men's tennis tourney was played off. Melvin Black, southern tennis flash, proved his reputed nettle by defeating Sheldon Jackson, tall boy from Kansas, 6-0; 6-2.

—No longer shall benumbed basket ball cagers suffer from exposure, no longer shall shivering spectators resemble a Little American Expedition. For joy of all joys a new furnace is being erected in the gymnasium.

Dec. 18

—"Stiff as a board!" That is what one member of the women's gym class gasped, twenty-four hours after a class of Calisthenics.

Feb. 9

—Turn about is fair play! The tables surely were reversed Friday night, January 15, at the second basket ball game of the year. The Eureka girls practically annihilated the Amphic girls in the scrappy, initial game of the evening. The score was 32-15. The result of the men's tilt was almost the exact opposite, the score being 33-10 in favor of the Amphictyons.

—The score of the girls game (Freshmen Normal and Sophomores) was 16-14, with the Sophomores on the advantage. The men played an overtime battle, the Freshmen (Degree) licking the Senior Normals to the tune of 26-25.

Feb. 25

—Friday night February 25, the battling belligerent Buckeyes tramped over the hapless Hoosiers in one of the best games of this year. The Hoosier were trimmed to the tune of 40-31.

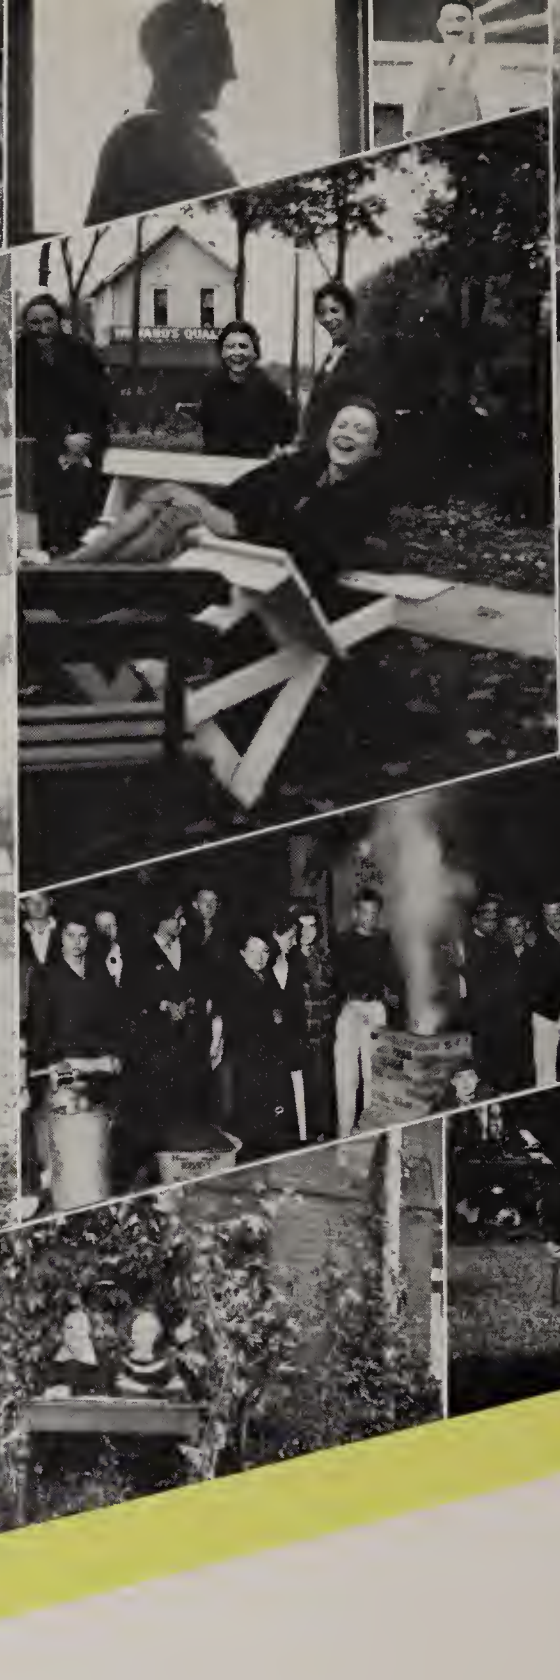
—The old fued was renewed last Friday night when the mighty Amphics and Eureka teams clashed again. After the smoke had cleared away came the news of the battle. Score? Forty to twenty-four. Not bad for one night's work.

—In the preliminary girls' Game, the Amphictyons were beaten by the Eurekas 22-13.

March 10

—Last Friday night spectators at the basket ball games in the gym saw the Degree Seniors edge out the Degree Sophomores in a highly spirited game to the time of 23-22.

—The Degree girls won from the Normal girls in the preliminary game, beating them 25-22.



Two familiar "shingles" on M. C. campus. First closed programs in parlor and dining hall. We should like to know what the Senior sponsor has up his sleeve. Whaley coming down the walk??—"Be still my heart! !" "I won"—"I lost"—and Newton loses an election bet. Two young men—two boxes—but, different kinds of "weather." Bob stoops over backwards. "Ted" and "Jim" start a nursery! Hamburgers in the dark! Some Freshmen seem to be in the "dark" about Math. Puggy has a sustaining hand. Two autumn queens. Smith and "Seib" are only fillers.

They all seem anxious to "pay" up on registration day. Prof. goes back to Germany in Brad's Ford. Who is Newton receiving in his arms? The frosh sing "Home Sweet Home" for Sr. normal girls. A Marionette in the making. Short always did have a big mouth—that's why he is short. The Sr. president meets with opposition. This man you see in disguise is Santa Claus. Archie sees stars but "Seib" sees snow coming. The Dean of Women caught strolling along the river. "Woody" plays hooky and goes wading during chapel.

Panglory's Wooing Song

Love is the blossom where there blows
Everything that lives or grows:
Love doth make the heavens to move,
And the sun doth burn in love;
Love the strong and weak doth yoke,
And makes the ivy climb the oak,
Under whose shadows lions wild,
Soften'd by love, grow tame and mild.
Love no med'cine can appease;
He burns the fishes in the seas;
Not all the skill his wounds can stanch;
Not all the sea his fire can quench.
Love did make the bloody spear
Once a leafy coat of wear,
While in his leaves there shrouded lay
Sweet birds, for love they sing and play;
And of all love's joyful flame
I the bud and blossom am.

Only bend thy knee to me—
Thy wooing shall thy winning be.

All the sand of Tagus' shore
In my bosom casts its ore;
All the valleys' swimming corn
To my house is yearly borne;
Every grape of every vine
Is gladly bruised to make me wine;
While ten thousand kings, as proud
To carry up my train, have bow'd;
And a world of ladies send me,
In my chambers to attend me;
All the stars in heaven that shine,
And ten thousand more, are mine.

Only bend thy knee to me—
Thy wooing shall thy winning be.

—Giles Fletcher.

South Marion

Viewed with respect to all of the phases of successful and enjoyable habitation, South Marion is recognized as an ideal location for real homes. A home is more than a house. Every aspect of community life, be it either degrading or elevating in its influence, contributes to each home.

Economically and commercially South Marion ranks above the norm. Its business section and neighborhood stores offer courteous service and reasonable prices. High social and moral standards are maintained. No home in South Marion is far from a church. With a superior public school system and with Marion College located here, its educational standards are unexcelled. The South Marion Business Men, whose names are listed on the opposite page, are anxious for the welfare of the community and the success of Marion College.
